Exclusive Incentive Program

MHWC and its National Affiliate, Residential Warranty Company, LLC, have issued warranties on over 3 million homes throughout the United States since its inception in 1981. Providing highly competitive rates and innovative programs has always been an MHWC hallmark of service. In keeping with our history as “The Innovative Leader,” our exclusive Incentive program was unveiled in 1986. Qualifying Members effectively reduce their overall warranty costs by maintaining a high level of quality construction and customer service. Members receive cash distributions based on their good warranty claims experience.
